PROFESSIONAL SUMMARY

I am an experienced and results-driven BBIT graduate with high level expertise in software development with a deep understanding Javascript, Jquery, Angular JS, HTML5, CSS3, Bootstrap CSS framework and the Software Development Life Cycle. I have a history of repeated success in directing projects from inception to execution by strategically allocating resources and delegating tasks to achieve on-time, on-budget delivery.

PROFESSIONAL EXPERIENCE

September - November 2018: IT Intern - Kwale County Government

Responsibilities

- Installation and configuration of Wi-Fi devices.
- Develop and utilize County website for promotion of the county projects and services.
- Configuration, administration and maintenance of networking devices and troubleshooting of network problems.
- Installation of over 10 different software in over 100 computers and ensuring frequent software updates.
- Received user problems through the help desk and provided adequate solutions.

Achievements

- Provided a permanent solution to a software activation problem that had persisted for a while.
- Was recognised for being a solution provider and a great team player.

May - August 2017: Volunteer - Kwale County Government, Ukunda ward office

Responsibilities

- Engaged in data entry, documentation and records keeping.
- Frequently did network troubleshooting and solved user problems in real time.
- Welcomed visitors to the office, listened to their issues and directed them accordingly.
